IDLING CARS

Whilst we understand the importance of air conditioning in cars during this warmer spell, please be mindful not to keep your cars running whilst you are parked in residential areas at the beginning and the end of the day. Local residents are also trying to keep their houses cool with doors and windows open, and the addition of fumes is both unpleasant and a health hazard. Thank you for your support.

Reports

Reports are due to go out on Friday 17th July and will be in hard copy form. Should your child not be in school on Friday 17th July or for the remainder of the term, please note that reports will not be emailed and we are unable to send your child's report home with another parent.

Should you already have informed us that your child will not be in school on those days, and would like their report posted home, you will need to provide the school office with a stamped addressed A5 envelope by Friday 17th July at the latest. No report will be posted home without parents providing this. Alternatively, their report will be available to collect from the school office in September.
