KS1 Autumn One Homework

Our Quest this term is called 'Marvellous Mapping'. To enhance their learning, we would like the children to complete a project and bring it in to share with the class.
We will be having a homework showcase in the afternoon of Wednesday 21st October. All homework will need to be brought in on this day to enable all three Year 1/2 classes to create their showcase for us to walk around and celebrate the hard work of all our friends.
Please choose ***one*** of the following options.

Create a 3D map (you could use junk modelling/Lego to create this). Could you include a key?

Make a treasure map.

Make a poster showing flags of the world. Or you could even design your own flag
